

Ergonomics

Ergonomics is the science of fitting workplace conditions and job demands to the capabilities of the working population. Effective and successful “fits” assure high productivity, avoidance of illness and injury risks, and increased satisfaction among the workforce.

Visit www.osha.gov for complete details and regulation requirements.

Mustang® Back Supports with Suspenders

Delivers firm and comfortable lower back support. Features 8 1/4" wide powerful elastic back panel, breathable, polypropylene mesh lumbar panel with solid elastic stretch panel, (4) super memory plastic stays and (2) silicone “grip strips” to inhibit riding up. Stiffening mesh at abdominal closure reduces front rolling. Includes sewn-on suspenders. Black.

Warning: If the user now has or has ever had any condition, treatment or problem that would be affected by frequent heavy lifting, a health professional should be contacted before using this product.
