

Work Zone Safety Barrier Systems

Helping to ensure safety for all pedestrians around work sites, protection from potential injury must be provided including smooth travel paths and highly visible, durable barriers.

Visit mutcd.fhwa.dot.gov for complete details and regulation requirements.

Skipper™ Skipper™ Retractable Barrier System

Cordon off any area and create safer environments with hi-viz retractable 30' tape. Simply clicks onto any traffic cone or Skipper post and base system.

ITEM #	ORDER #	DESCRIPTION	UOM

LIGHT01

Skipper™
The industry's most innovative

Skipper™ Rechargeable Safety Light

Environmentally friendly warning light is a multifunctional L.E.D. device that is fully rechargeable. Simply click on top of any Skipper unit or Skipper XS unit. Features permanent or flashing ability and a light sensor for automatic activation. Requires (6) AA batteries (not included).

ITEM #	ORDER #	DESCRIPTION	UOM
LIGHT01	G71121091	Rechargeable safety light	Ea

The Skipper cone's light reflectivity is twice as strong as a standard cone.

Skipper™
The industry's most innovative

Skipper™ Road Cone

Two-piece cone features an incorporated helix, which deflects wind away and adds to its stability. Innovative glass bead sleeve has greater reflectivity than prismatic alternatives and is robust and durable. Perfect for all applications from traffic and airports to industrial and commercial.

CONE01
